THE PRIMARY.—Politics, to use a common expression, is red hot at present, and the friends of Messrs. Swarson and Montague are working early and late in the interest of the respective champions. Mr. W. B. Smoot at the meeting of the democratic committee this week when arguing for an early primary, probably voiced the convictions of many when he said there was too much politics in Alexandria anyhow. In the contest into which the anyhow. In the contest into which the community has been plunged no issue seems to be at stake; it is a mere matter of choice between two able and good men, either of whom would make an acceptable governor, as well as would the other candidates—Lieut.-Gov. Echols or Mr. R. C. Marshall. Most people will breathe a sigh of relief when it is over, no matter which gentleman the democrate in their wisdon may select as their standard bearer. The polls will be open at the usual places Monday and will remain open from sunriss until sunset.

train before it reached the depot cause business called for his presence cause business called for his presence in another part of the city. He started to jump from the train as it struck the sharp curve into Maryland Avenue southwest and was threwn violently to PERSC the ground. A number of people saw the scoident and went to the assistance of the injured may. A call was sent for the subulance and Davis was taken to the Eugenemy Hamital in hears to the Emergency Hospital in haste. At the hospital the man gave his name as Davis, but owing to his condition was unable to give his address or that was made to give an anti-of relatives. One of the crew of the train from which he leaped told the police. Davis is a son of the late Middieton Davis, and upon the death of his father removed to lower Fairfax. Recently he reappeared in this city.

Another Factory.—Several items in this column during the past few days have called attention to the likein this column during the past few days have called attention to the likelihood of additional manufacturing plants being established on our river front, and there is at present much to cause us to cherish such a hope. The Emerson Pamp Company are pushing things at their works and the Old Dominion Glass Works are gradually riving from the old canal locks. Now another enterprising and practical Alexandrian, Mr. J. R. Zimmerman, has purchased the overall manufacturing plant of Davenport & Kirkland, of Baltimore, and will next week bring all of the machinery and other belongings of the concern to this city and establish the business in the large building on Mr. Zimmerman's property on the river front. Should the business prove as successful as is expected about sevent; uccessful as is expected about seventysuccessful as is expected about seventy-five young women will be employed. Workmen were busy today preparing the different floors for the new factory. Additional windows are being cut and every arrangement being made. The plants mentioned above may be but the ploueers. There is every reason to be-lieve others will follow, and the cruel tide which we have been merely stem-ming so long may be turning our way. ming so long may be turning our way.

A HALF COLUMN of genuine bergains are advertised by I. Schwarz & Bon, 518 King street, for next week's sate. Only extraordinary prices are given space, cost marks virtually be-coming retail price marks. There are no parallels for these shopping opportuni-ties they have prepared. Their adver-tisement is well worth reading.

ARM AMPUTATED .- Douglas Wiley, ARM AMPUTATED.—Douglas Wiley, a young man residing at Freestone, Prince William county, had his arm amputated below the elbow at the Emergency Hospital, Washington, last evening. He was taken to that city on a Washington Southern train. Wiley is employed at a factory near Oberry Run, and has been working overtime. His brother, William, who went to Washington to look into the case, said it was supposed that Douglas, walking Washington to look into the case, said it was supposed that Douglas, walking home from work last evening, became fatigued, and sitting upon the track to rest, fell asleep. The ergineer of the train which struck the young man says he did not see him until too late to stop. Last night the injured man's condition was serious. Although conscious, he was weak from the shock and loss of blood. He has a fighting chance. It was first intended that the young man be brought to the Infirmary in this man be brought to the Infirmary in this city, but later the authorities here were notified that he would be taken to Washington.

THE MARKET this morning was better suppled than last Saturday. As the season advances country produce is beseason advances country produce is becoming more abundant. There was a
fine display of green stuff exhibited today. The pleasant weather caused an
increased number of country people to
attend and there were probably more
buyers present than last Sa'urday.
Prices showed no material variations at
seven o'clock this morning, but as the
day wore on the market weakened in
some directions, although butter, eggs,
poultry and some other articles were poultry and some other articles were immovable. Butchers' meats were unimmovable. Butchers' meats were unchanged in prices, as were also fith. The green groceries were well supplied with early vegetables, but the prices still place them beyond the reach of ordinary people. Asparagus brings 10c a bunch, green peas 15c a quarter peck, new potatoes 15c a quarter peck, early york cabbage 5 a 8c a head, Bermuda onions 15c a box, tomatoes 10c a pound and strawberries 20c a box.

the democrate in their wisdom may select as their standard bearer. The polls will be open at the usual places Monday and will remain open from sunriss until sunset.

Fell From a Train.—A youth named Davis, who formerly lived in Alexandria, was taken to the Emergency Hospital in Washington last night from the north end of the Long Bridge suffering from severe injuries sustained while trying to jump from a train of the Southern Railway. His head is badly cut and the patient is suffering from shock caused by his fall. The accident took place shortly after 9 o'clock as the through train from the South entered Washington. Davis is said to have planned to jump off the train before it reached the depot because husiness called for his presence ness, promising to eliminate all objectionable features. The Mayor refused to allow the exhibition to be con-

It was further said that his object was to connect the ferry line with the street rallway lines in Washington. Col. Litb was here for several days but he has returned to New York. The officials of the company in this city when their attention was called to the rumon this morning said they knew nothing this morning said they knew nothing about such negotiations.

FIFTY YEARS AGO.—On the night of May 5, 1851, snow fell in this latitude to the depth of five inches. In Loudoun county, thirty miles from this city, the snow was six inches deep and farmers witnessed the unusual sight of the young corn blades peeping up through the snow. By the night of May 6 it had entirely disappeared. had entirely disappeared.

SCHOOL ENTERTAINMENT .- The pu-SCHOOL ENTERTAINMENT.—The pu-pils of Mt. Vernon Avenue School, at Del Ray, Miss Grigg priocipal, last night gave "The Peak Sisters," follow-ed by recitations and songs. The school ball was crowded with patrons and friends of the school and the entire enteed. Booklet and sample free. Address tertainment was a brill ant success. Swanson's Denial.

HERE IS BEING CIRCULATED a paper headed "Central Trade and Labor Council," dated Richmond, Va., February 26, 1901, which charges that Messrs. Swanson and Echols, two of the candidates for Governor, did all in their power to defeat the "Employers' Liability Bill" when ors, particularly strong styles, including all the leading greens, it was before the Legislature. This circular has been repudiated by every price 7c Trade Council of Richmond, and there has never been any attempt made to use it until this late day. Mr. Swanson's friendship for laboring men has been attested by Samuel Gompers, President American Federation of Labor, International Association of Machinists, No. 11, and the Pattern Makers' Association, of Washington, D. C., and vicinity. Mr. Swanson during his several terms in Congress, has voted for and supported every bill that has been asked for by organized labor. A CARD.

Many consumers of ice are under the impression that it is the intention to ship the product of our new factory and sell only the surplus in town, and for that reason they fear we will be unable to supply them during the heated term. We wish to assure all that exactly the opposite is our intention, and the entire output will be disposed of in town, if possible. Only the surplus will be shipped. Our old plant is of sufficient capac'ty to refrigerate the beer cars, and the entire output of the new plant, which is in excess of thirty tons daily, is double the quantity required to supply every consumer of ice in Alexandria.
